

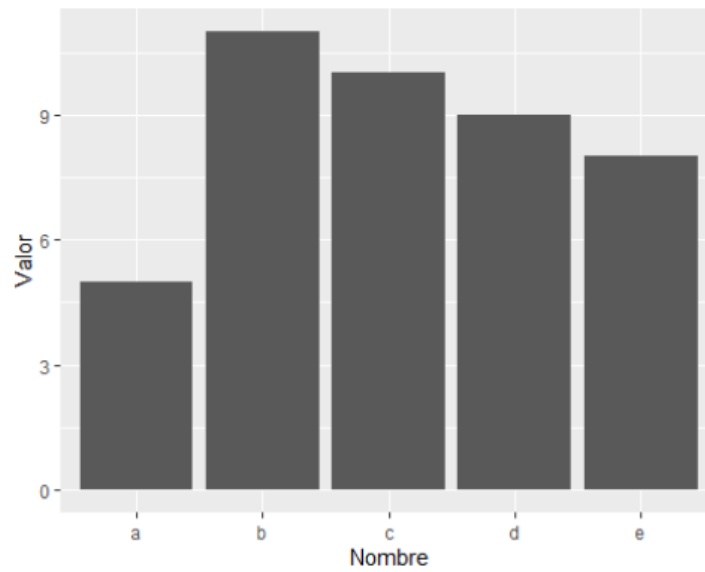

Graphical representation of code (in order)

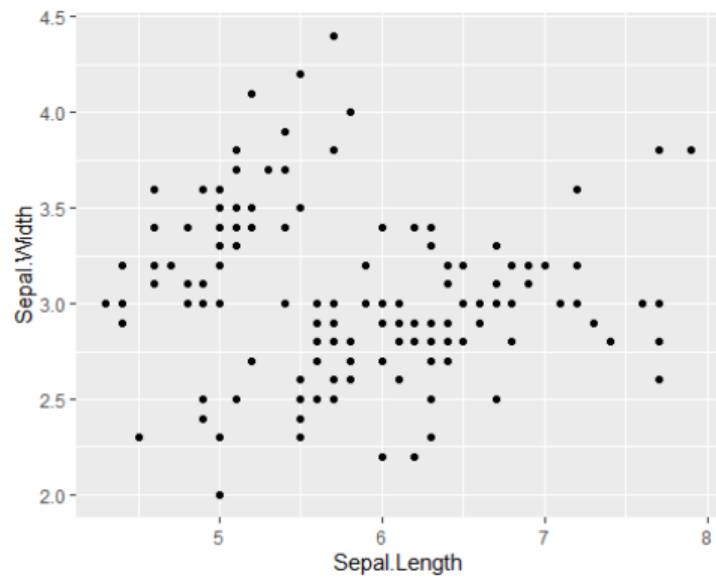

### 1. Simple

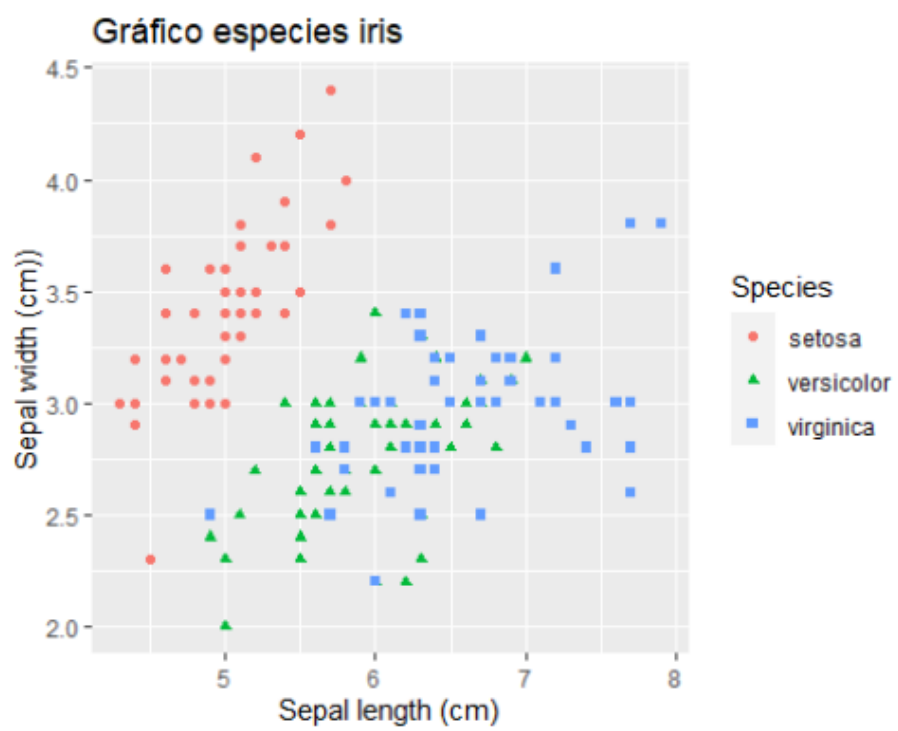

### 2. Bars with error

### 3. Simple scatterplot

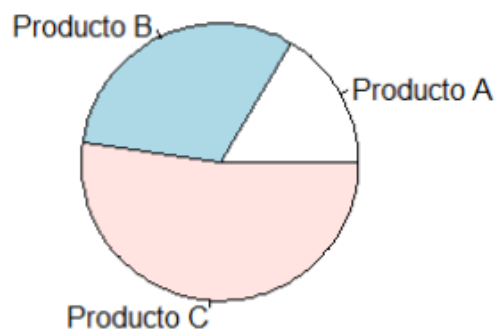

4. More complex scatterplot

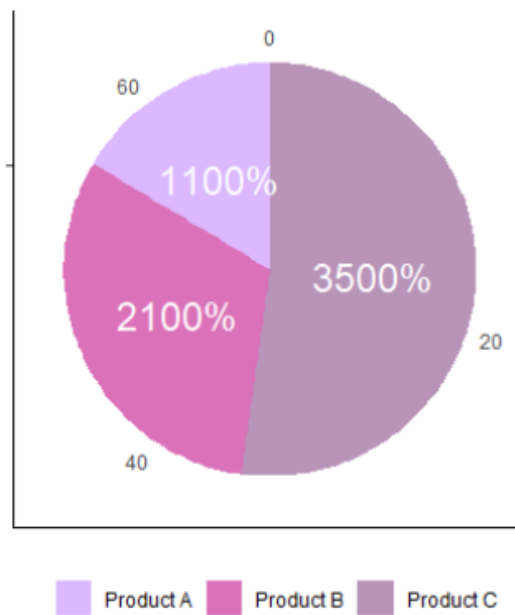

5. PIE chart

## Pie chart of products

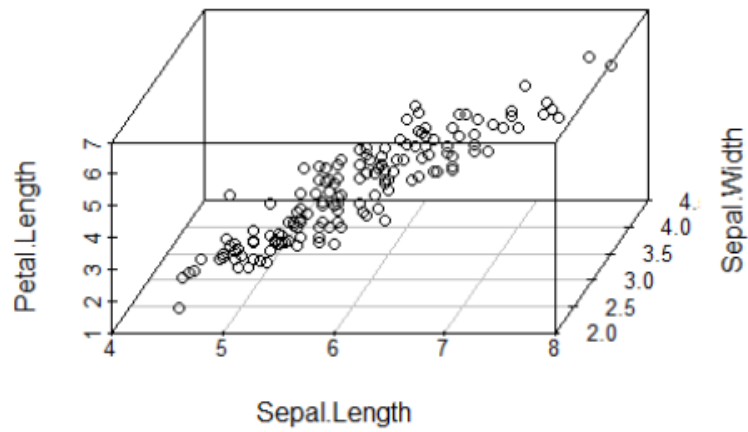

### 6. Bars to PIE

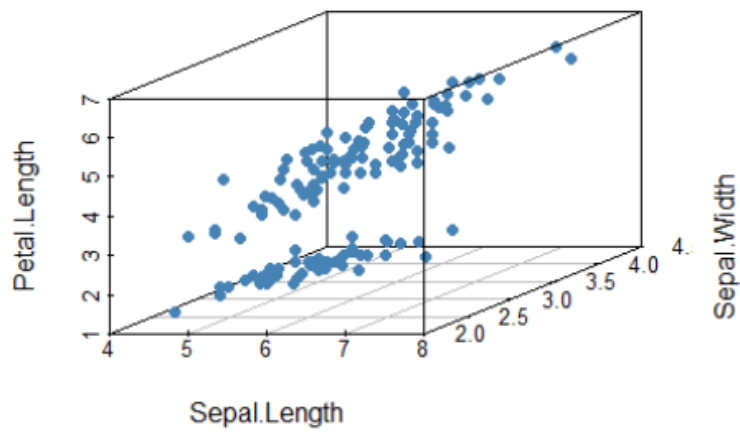

```
pC <- pC + theme(legend.position = "bottom")  
pC #Llamamos al gráfico final
```

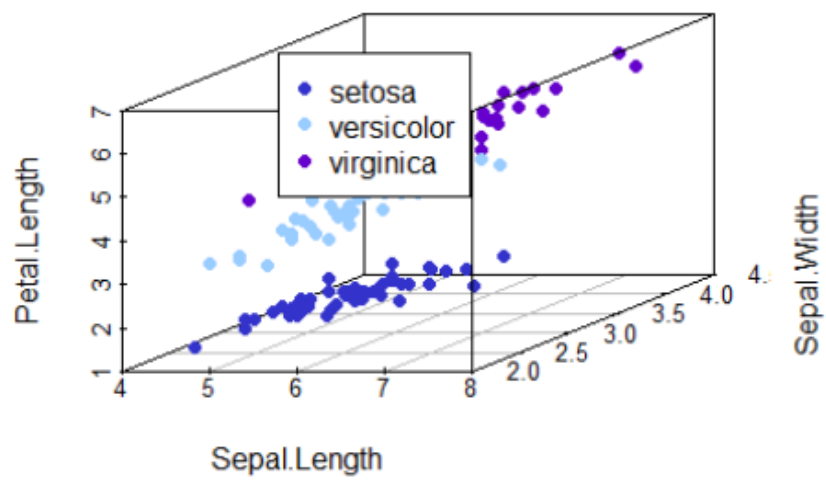

### 7. 3D scatterplot

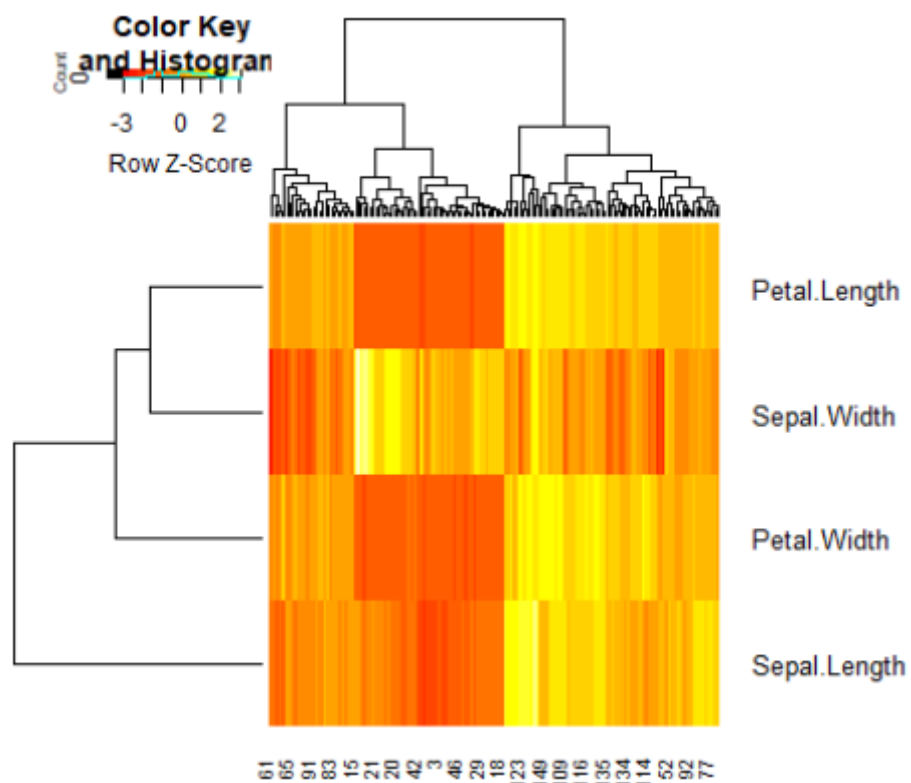

8. Colorful scatterplot

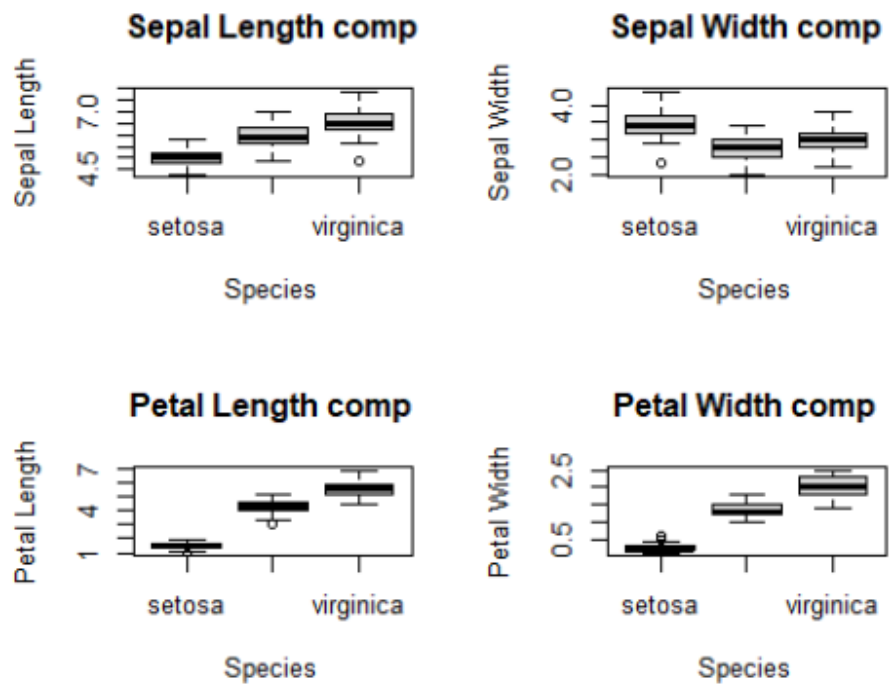

9. Complex scatterplot

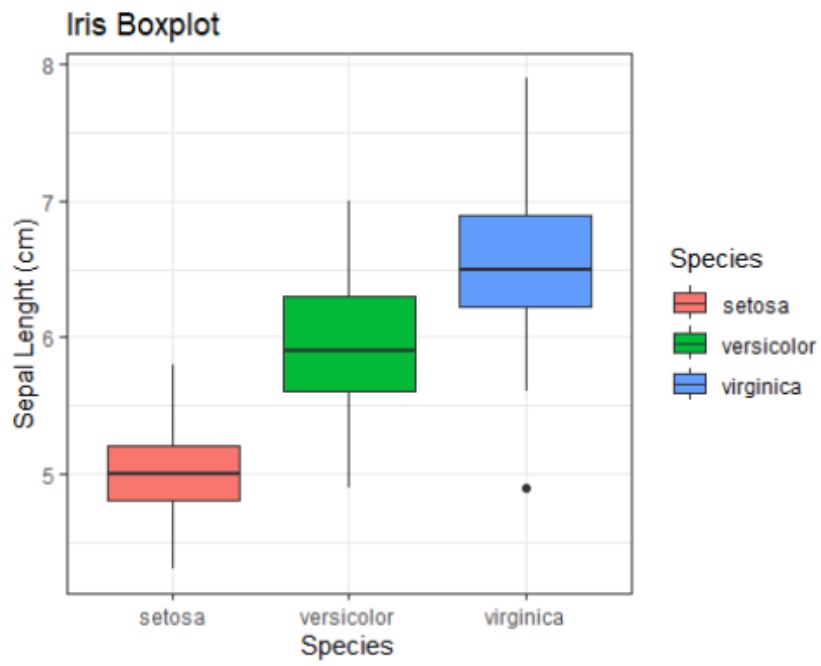

10. Heatmap

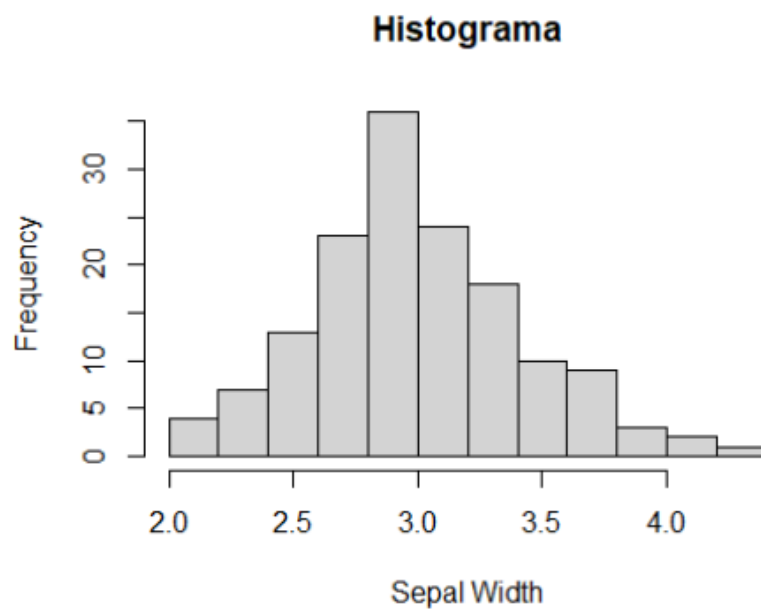

11. Boxplot comparison

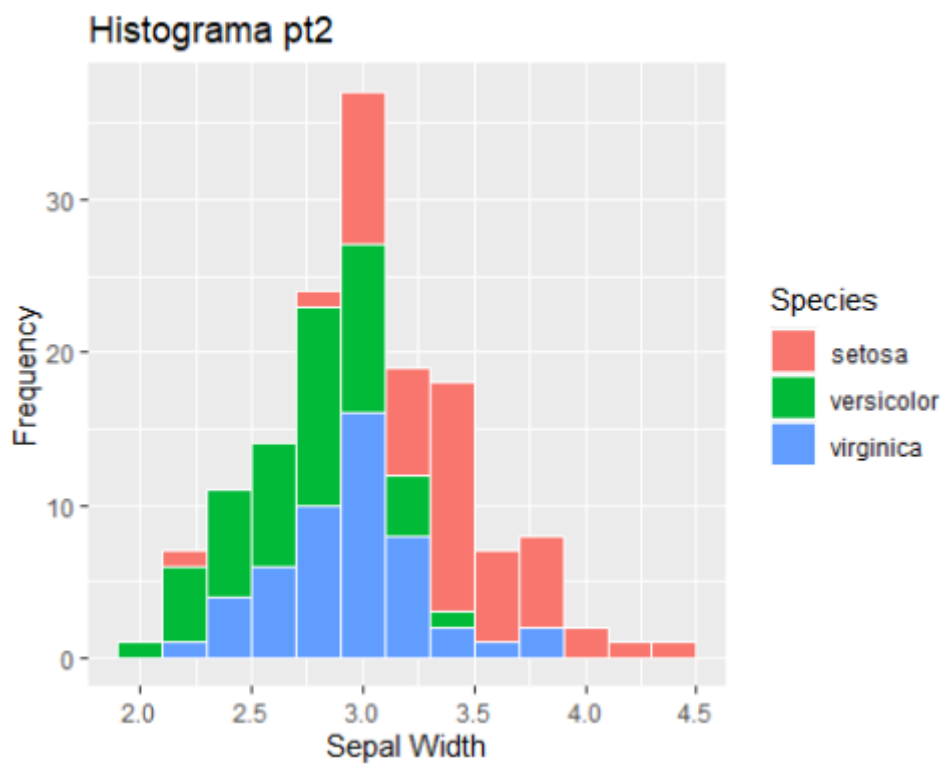

12. Iris boxplot

13. Histogram

14. Colorful histogram

15. Individual histogram
